Bare 3990M 3.000" Pitch Chain

The 1957M chain has been replaced by the 3990M chain. This is a direct replacement. These chains have been used on many different models, most of which are older and will not be listed by individual model number in this catalog. Please count the number of attachment links or number of pins on the chain and call for part number and pricing.

LISTED BELOW IS SOME INFORMATION TO HELP VERIFY THE 1957M AND 3990M CHAINS

1. Pitch measurement is 3.000" – Pitch is the measurement from center of one rivet to the center of the next rivet.
2. Bolt holes are for 1/2" bolts.
3. Bolt holes center to center is 3-3/8"

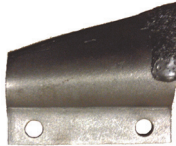

ANY OF THE BALLANTINE CHAIN ASSEMBLY OPTIONS ARE AVAILABLE FOR THE 3990M CHAIN.

Bare 2134M 3.000" Pitch Chain

The 2134M chain has been used on many different models, most of which are older and will not be listed by individual model number in this catalog. Please count the number of attachment links or number of pins on the chain and call for part number and pricing.

LISTED BELOW IS SOME INFORMATION TO HELP VERIFY THE 2134M CHAIN

1. Pitch measurement is 3.000" – Pitch is the measurement from center of one rivet to the center of the next rivet.
2. Bolt holes are for **5/8" bolts**.
3. Bolt holes center to center is 3 3/8".

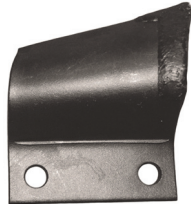

ANY OF THE BALLANTINE CHAIN ASSEMBLY OPTIONS ARE AVAILABLE FOR THE 2134M CHAIN.

Due to the many different styles and cutting widths of Cup Cutter plates, not all options are shown in this catalog. Ballantine has the capability to manufacture any style of plate required for your application, along with any of the cutting width options recommended by the Original Equipment Manufacturer.

By supplying us some basic information up front about your application and plate requirements, we will be better suited to provide you with accurate costs and manufacturing lead times.

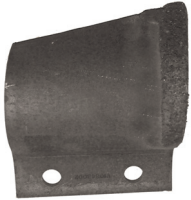

1. What chain will the plates be used on?
2. How wide of trench do you need to cut?
3. How thick of plate do you require?
4. Any special options you may want, such as anti kick back bars, hard facing, special cutting pattern or any other requirements your application may require.
